New Construction - Ready in December! This gorgeous home includes a finished basement with 9' foundation walls and a wet bar perfect for entertaining, a 3-car garage plus a tandem garage providing space for tools, motorcycles, toys or a small car. The kitchen includes 42" upper cabinets, under cabinet lighting, and KitchenAid appliances with a 36" gas cooktop and built-in oven/microwave combo. The open plan creates a great atmosphere for entertaining guests and family. The covered rear patio has a pre-installed gas line perfect for BBQs or a gas heater for cooler nights! This home comes with beautiful interior finishes to include a stone fireplace with box mantel and luxury vinyl plank floors on the main level, and French doors to the study. Custom master bath layout also includes a large shower with Euro glass enclosure, a dreamy oval soaking tub and of course double vanities! The laundry room has full laundry cabinets and a free standing sink, and the mud room on the main level has built in bench seating and cubbies. There is a loft on the upper level too.
