Multi-Gen 6 Bedroom Home! Spacious and beautiful with one primary bedroom suite on the main level that includes a 3-sided fireplace, soaking tub and spacious shower. There is also a secondary bedroom suite on the upper level with a luxury 5-piece bathroom too! There is a formal dining area plus breakfast nook, a great room with an 18' ceiling and gas fireplace, a study/flex space on the main level, and an upper level loft. Space for everyone that accommodates flexible needs! The finished basement has 9' foundation walls and provides niche areas for entertaining, homeschooling, crafting, and movie nights. Many custom options in this home such as security system, automated window coverings, pre-wired for home theater, stair-step lighting, under-cabinet lighting, and more. *Prepare to fall in love! It won't last long at this unbelievable price. MLS #4908932 - Steinbeck Plan*
